

# Launch 2022

## Southport members

Launch is scheduled for **April 30th. starting at 7:30 am.** This year's launch will be very much the same as last spring. The launch order will be in somewhat reverse order as last fall haul out. Proposed schedule is attached subject to change as per the crane operator direction.

Have your boats ready for launch **prior to April 29th.**

- Make sure your engine will start, run, and is installed if necessary
- Make sure all thru-hull fittings are closed.
- Guidelines should be hanging down.
- Dock lines need to be ready to help with securing the boat.

**COVID is still around so please remember at all times to social distance.**

### **Saturday April 30<sup>th</sup> LAUNCH**

The front parking lot will be closed to all members other than those working on launch.

There will be a dedicated crew in charge of moving and lifting of all boats

Launch team will have on safety vests.

Boat owners please stay out of the parking area to allow the launch team to do the work.

This year there will be no touch up of bottom paint as only a small crew will be permitted in the parking lot during the launch.

When your boat is in the water and the launch team has moved on to the next lift, you now can go on your boat to move it.

We will ask that you move your boat to your designated slip. The well assignment list will be posted on the front door to the club. There will be a member on the dock to catch your bow. Secure your boat and we ask that you then leave the site immediately.

### **Sunday May 1<sup>st</sup> CRADLE MOVING**

We ask that members arrive early by 9:00 am. Please fold up the cradles and leave the site.

Harbourmaster and his team will take care of moving the cradles.
