“F” DOCK WAIVER

“F” Dock describes the boat wells on the West Side of Pike Creek, on South Port Sailing Club (SPSC) property, that are outside of the club harbour.

Members that have been assigned by SPSC to moor their boats in any of these wells do so with the knowledge that the depth is not guaranteed.

Although dredging of Pike Creek is done by various consortiums from time to time, SPSC does not dredge these wells, nor does it permit members to have these wells dredged.

I understand these conditions and restrictions.
